### FIT TIPS

**Creating fit:** For Jogger Chinos, you will need to make some adjustments to your clients Chino Product Profile. We recommend creating a new Chino Product Profile using the TAPE Fit Assistant. Once TAPE has generated a new Profile recommendation make the following adjustment for a Jogger.

- Body fit +2
- Leg Opening -2"
- **Reduce** Core Measurement Outseam **2"**

By reducing the Leg Opening and shortening Outseam, you are creating a tapered leg which will end approximately at your client's ankle.

**Confirming fit:** Make sure to have your client sit, stand, and walk around in his new Chino Jogger. Remember that any of our 100% cotton fabrics will shrink up to 3% over time in the length. It is best practice to have your client wash and wear his new jogger before deciding on any alterations.

**Alterations:** See the [Alteration Policy](#) for more information on Casual Pant alterations.
